INSPIRATION BOOK

© copyright eurofer 2022

EUROFER®

*La bellezza non ha bisogno di spiegazioni.
Beauty needs no explanation.*

© copyright Eurofer 2022

Nota bene: EUROFER produce tutta la gamma di articoli per completare il lavoro (ferro per fascette, tubolari, corrimano, cardini, cimase, barre e paletti con le lavorazioni da abbinare ecc.).

Tutti gli articoli di questo book, compresi gli articoli di completamento, sono tratti dal Catalogo EUROFER LA PRODUZIONE COMPLETA e dai cataloghi EUROFER presentati a pag. 256.

ATTENZIONE!

Le tavole presentate nell'INSPIRATION BOOK rappresentano delle esemplificazioni di assemblaggio di componenti EUROFER a solo scopo dimostrativo e non costituiscono né in tutto né in parte, schede tecniche, progetti, disegni o quant'altro, dal solo scopo meramente ILLUSTRATIVO DI ISPIRAZIONE del BOOK, come suggerito anche dal titolo dello stesso.

NON SONO opere esistenti nella realtà. EUROFER declina ogni responsabilità per l'utilizzo improprio delle sue immagini e fotocomposizioni.

EUROFER fornisce esclusivamente i singoli elementi e il loro utilizzo e la realizzazione di qualsiasi opera con gli articoli sopraddetti sono destinati a professionisti o a personale specializzato.

*Please note: EUROFER produces the whole array of articles to complete the work (Iron for clips, tubulars, handrails, hinges, cymatiums, bars and poles with addable decorations)
Every article within this book, including completion articles, come from The EUROFER catalogue la produzione completa and eurofer catalogues featured at pag. 256.*

WARNING

The tables featured in the INSPIRATION BOOK are examples of assembling of EUROFER components and are for demonstration purposes only and are in no way, neither as a whole, nor as partly, technical tables, projects, designs or whatever falling outside of the ILLUSTRATIVE AND ISPIRATIONAL PURPOSES of the BOOK, as indicated by the title as well.

These works DO NOT physically exist. EUROFER declines any liability for any improper use fo Its images and photographic compositions. EUROFER provides exclusively for the single elements, and their use, and the realisation of every work with the above mentioned articles are meant only for professionals or for qualified workforce.

Tutte le parti di questo catalogo –foto, disegni, testi e grafica- sono di proprietà Euro-Fer®. La loro riproduzione, pubblicazione, trasmissione, duplicazione e comunicazione anche solo parziale sono vietate in ogni forma e con ogni mezzo salvo espressa autorizzazione di Euro-Fer® spa.

Dati, foto e caratteristiche tecniche non sono impegnativi. Euro-Fer® si riserva il diritto di apportare modifiche che riterrà opportune per migliorare i suoi prodotti. Euro-Fer® è un marchio registrato. Tutti i diritti riservati.

All the parts of this catalogue –photos, drawings, designs and texts- are Euro-Fer® spa property.

Their partial or total publication, trasmission, copy, communication or other duplication are forbidden without special consent by Euro-Fer® spa.

Data, photos and technical characteristics are not binding. Euro-Fer® reserves the right to change the content of this catalogue without notice.

Euro-Fer® is a registered trademark. All rights reserved.

INSPIRATION BOOK

© copyright eurofer 2022

By popular request, we proposed anew and renovated the most iconic designs published in the previous QUADERNI. A unique, really impactful portfolio with many suggestions, consisting of five thematic areas on the very current trends.

In **TRADITION**, the old is revisited, yet its inspiring force is kept intact, whereas nature finds space within the omonymous part, **NATURE**, in complete coherence with the environment hosting the iron work of art.

DESIGN, POETIC, and **ICONS**, other INSPIRATION BOOK currents, complete a EUROFER-designed path which, through line purity and design essentiality, shall not forget the historical pieces; instead, it extols them through restoration.

Past, present and future coexist altogether in this instrument made to set everyone reading it free to make personal use of its listed products.

Panels and articles used in the pictures and photos are mentioned, but not the standard profiles and their supporting structure are not, for everyone's needs are different. The works themselves must be carried out according to technical and safety parameters and regulations to which designers and performers must adhere.

Big space for laser-made products that can be modified starting from those proposed.

À la demande générale, nous avons reproduit et renouvelé nos créations les plus emblématiques qui avaient été publiées dans les précédents QUADERNI. Un seul book à fort impact et plein de conseils, composé de cinq domaines thématiques qui comprennent les tendances les plus actuelles.

En **TRADITION**, notre tradition est revisitée en conservant sa force inspiratrice, tandis que la nature trouve un espace entièrement cohérent avec le milieu qui recevra notre ouvrage en fer dans la section **NATURE**. Entre les autres courants qui composent INSPIRATION BOOK, **DESIGN, POETIC** et **ICONS** complètent un parcours qui contient le projet de EUROFER. Un projet qui, grâce à la pureté des lignes et à l'essentialité du design, n'oublie pas les pièces historiques mais au contraire il les met en valeur dans les rénovations.

Dans ce book on trouve le passé, le présent et le futur, afin de garantir à nos clients la liberté de penser à une utilisation personnalisée des produits présentés.

Les panneaux et les articles utilisés dans les figures et dans les photos seront indiqués, mais pas les profilés standards ou les diamètres des structures portantes, car chacun de nous a des exigences différentes. Les œuvres elles-mêmes doivent être réalisées selon des paramètres et des normes techniques et de sécurité auxquelles les concepteurs et les exécuteurs doivent se conformer.

On donnera un grand espace aux produits créés au laser qui peuvent être modifiés par rapport à ceux proposés.

A grande richiesta abbiamo riproposto e rinnovato i disegni più iconici che erano stati pubblicati nei QUADERNI precedenti.

Un unico book di grande impatto e ricco di suggerimenti, composto da cinque aree tematiche che includono i trend più attuali.

In **TRADITION**, la tradizione viene rivisitata, pur mantenendo la sua forza ispiratrice, mentre la natura trova uno spazio assolutamente coerente con l'ambiente che ospiterà l'opera in ferro nella sezione **NATURE**. **DESIGN, POETIC** e **CONS**, altri filoni di cui si compone l'INSPIRATION BOOK, completano un percorso che racchiude il disegno di EUROFER che, nella purezza delle linee e nell'essenzialità del design, non dimentica i pezzi storici ma anzi li esalta nelle ristrutturazioni.

Ci sono il passato, il presente e il futuro in questo strumento che vuole lasciare libero, chi lo consulta, di pensare ad un utilizzo personalizzato dei prodotti presentati.

Vengono indicati i pannelli e gli articoli utilizzati nelle figure e nelle foto, ma non i profili standard o i diametri delle strutture portanti, perché diverse sono le esigenze di ognuno. Le opere stesse dovranno essere realizzate in base a parametri e normative tecniche e di sicurezza a cui dovranno attenersi progettisti ed esecutori.

Grande spazio ai prodotti creati con il laser che possono essere modificati rispetto a quelli proposti.

BAND|BOO®

S E R I E S 10-12-15-20

Il sistema di recinzioni BAND-BOO® è stato progettato in abbinamento a stili di architettura moderni e alla moda.

Poiché è fatto di acciaio verniciato a polvere e galvanizzato a caldo, è un prodotto assai durevole nel tempo.

Il sistema di fissaggio con laminato metallico fissato su un montante di ringhiera rotondo è geniale: permette di coprire angoli fino a 260° e di adattarsi a variazioni di altitudine del terreno.

È disponibile in 4 versioni di diverse altezze, da 1000 mm a 2000 mm.

BAND-BOO® è adatto sia per giardinetti che per grandi aree come i parchi!

BAND-BOO® Fence system has been designed to match modern and fashionable architectural styles. It is made of hot-galvanized powder-coated steel, therefore very durable and long-lasting over time.

The fastening system with metal strips that are fixed on round newel posts is brilliant: it allows you to cover angles up to 260° and adapt to changes in the height of the ground.

It is available in 4 versions with different heights, from 1000 mm to 2000 mm.

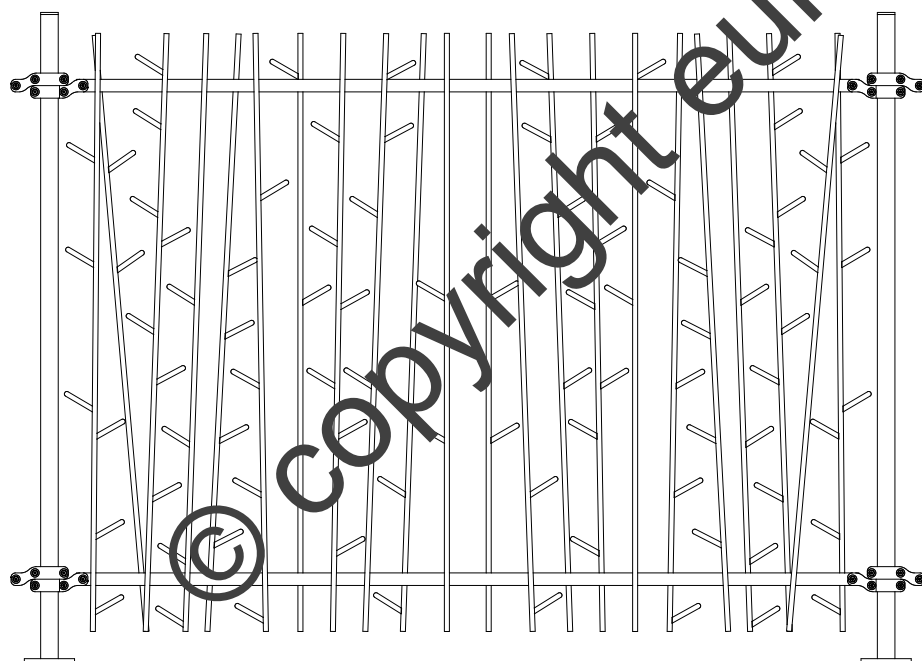

BAND-BOO® fits well for small gardens but also for large spaces like parks!

Le système de clôture BAND-BOO® a été conçu pour s'adapter aux styles architecturaux modernes et à la mode. Il est fabriqué en acier enduit de poudre, galvanisé à chaud, donc il est très résistant et durable dans le temps.

Le système de fixation avec des bandes métalliques qui sont fixées sur des poteaux ronds est génial : il vous permet de couvrir des angles jusqu'à 260° et de vous adapter aux changements de la hauteur du sol.

Il est disponible en 4 versions à différentes hauteurs, de 1000 mm à 2000 mm.

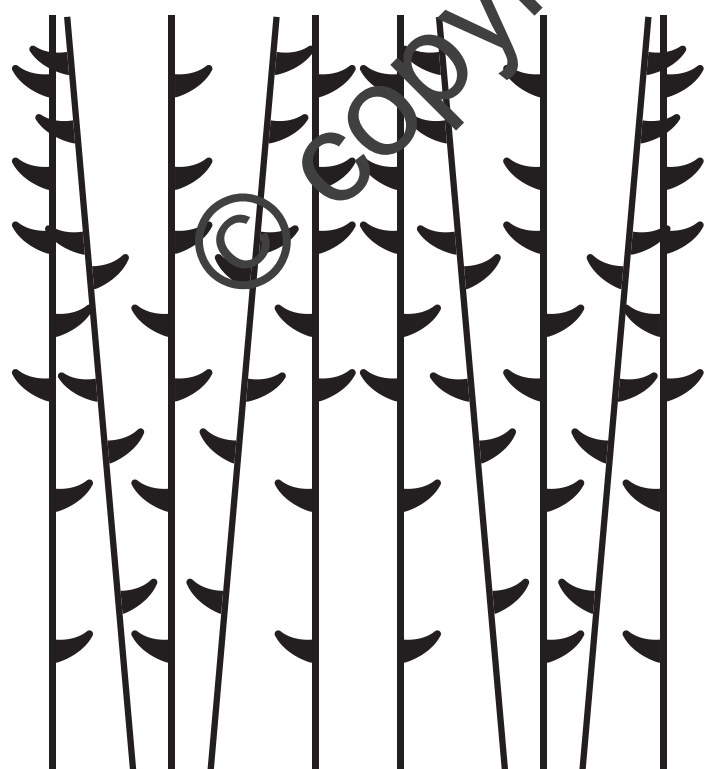

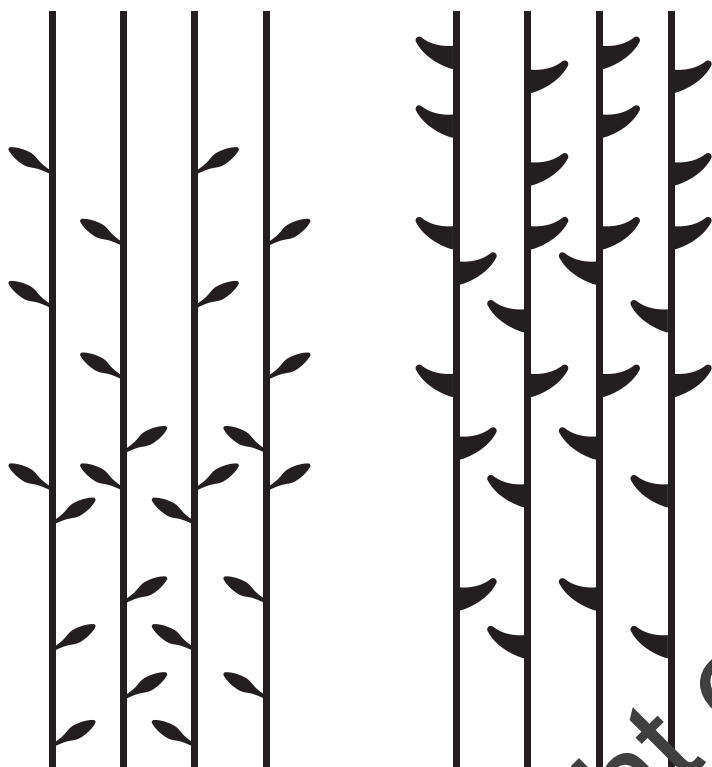

BAND-BOO® s'adapte bien aux petits jardins mais aussi aux grands espaces comme les parcs !
