IT - ALCOOL ISOPROPILICO

Con una purezza del 90%, può essere utilizzato come pulitore, sgrassante o solvente. L'alcool isopropilico è incolore e limpido, non contiene coloranti o profumi ed è versatile da usare. Pulisce e rimuove in profondità qualsiasi tipo di sporco, aloni e impronte dalle superfici, evaporando rapidamente e senza lasciare residui. Può essere impiegato nella pulizia degli ambienti domestici, uffici, cellulari o smartphone, mouse, tastiere, monitor, computer e portatili, dispositivi elettronici come CD/DVD, nastri magnetici, circuiti stampati, pennelli. Può essere, inoltre, usato per la pulizia di dispositivi ottici come lenti, obiettivi fotografici e microscopi.

SP - ALCOHOL ISOPROPÍLICO

Con una purezza del 90%, se puede utilizar como limpiador, desengrasante o disolvente. El alcohol isopropílico es incoloro y transparente, no contiene colorantes ni perfumes y es versátil para usar. Limpia y elimina profundamente todo tipo de suciedad, rayas y huellas dactilares de las superficies, evaporándose rápidamente y sin dejar residuos. Se puede utilizar para limpiar entornos domésticos, cepillos, teléfonos celulares o teléfonos inteligentes, ratones, teclados, monitores, computadoras y computadoras portátiles, dispositivos electrónicos como CD / DVD, cintas magnéticas, circuitos impresos. También se puede utilizar para limpiar dispositivos ópticos como lentes, objetivos fotográficos y microscopios.

FR - ALCOOL ISOPROPYLIQUE

D'une pureté de 90%, il peut être utilisé comme nettoyeur, dégraissant ou solvant. L'alcool isopropylique est incolore et limpide, ne contient ni colorants ni parfums et est polyvalent à utiliser. Nettoie en profondeur et élimine tous les types de saleté, les stries et les empreintes digitales des surfaces, s'évaporant rapidement et sans laisser de résidus. Il peut être utilisé pour nettoyer les environnements domestiques, les brosses, les téléphones portables ou les smartphones, les souris, les claviers, les moniteurs, les ordinateurs et les ordinateurs portables, les appareils électroniques tels que les CD / DVD, les bandes magnétiques, les circuits imprimés. Il peut également être utilisé pour nettoyer les appareils optiques tels que les objectifs, les objectifs photographiques et les microscopes.

EN - ISOPROPYL ALCOHOL

With a purity of 90%, it can be used as a cleaner, degreaser or solvent. Isopropyl alcohol is colorless and clear, does not contain dyes or perfumes and is versatile to use. Deeply cleans and removes all types of dirt, streaks and fingerprints from surfaces, evaporating quickly and without leaving residues. It can be used to clean domestic environments, brushes, cell phones or smartphones, mice, keyboards, monitors, computers and laptops, electronic devices such as CDs / DVDs, magnetic tapes, printed circuits. It can also be used for cleaning optical devices such as lenses, photographic objectives and microscopes.

CONSULTARE LA SCHEDA DI SICUREZZA DEL PRODOTTO PRIMA DELL'USO.
CONSULT THE SAFETY DATA SHEET OF THE PRODUCT BEFORE USE.

Specifiche Tecniche:

Quantità	400 ml
Confezione	12 Pz.
Aspetto	Bombola contenente liquido sotto pressione
Colore	Trasparente
Odore	Caratteristico Alcolico
Densità relativa	a 20°C 0,65 ÷ 0,69 g/ml
Punto di infiammabilità	Inf. 0° C estremamente infiammabile
Pressione a 20°C	5/7 bar
Punto di ebollizione iniziale	82 °C (base liquida)
Intervallo di ebollizione	82°C - 85°C (base liquida)
Punto di infiammabilità	10 °C (base liquida)

MODO D'USO:

Spruzzare il prodotto sulla superficie da una distanza di 20-30 cm. Passare la superficie con un panno. Si consiglia di testare in un punto nascosto la superficie da trattare, prima di procedere al suo utilizzo.

MODE D'EMPLOI:

Vaporisez le produit sur la surface à une distance de 20-30 cm. Essuyez la surface avec un chiffon. Il est conseillé de tester la surface à traiter dans un endroit caché avant de l'utiliser.

HOW TO USE:

Spray the product on the surface from a distance of 20-30 cm. Wipe the surface with a cloth. It is advisable to test the surface to be treated in a hidden place before using it.

CÓMO UTILISAR:

Rocíe el producto sobre la superficie desde una distancia de 20-30 cm. Limpie la superficie con un paño. Es aconsejable probar la superficie a tratar en un lugar oculto antes de usarla.
